All offices should note that [] is an active member of the Brotherhood of Eternal Love, a worldwide LSD, hashish, hashish oil and marijuana smuggling operation. Heavy smuggling is presumed to be taking place between the Yucatan Peninsula, through the Bahamas to Puerto Rico and thereafter to the mainland of the United States. The Brotherhood operates through legitimate business fronts for contacts between smugglers and transporters. These fronts normally take the shape of a health foods store, a surf shop or some type of psychedelic business. All offices should be alert when contacting these types of businesses that they may be fronts for narcotics activities and may, in fact, employ fugitives.

AT SAN JUAN, PUERTO RICO

On February 27, 1973, [] Secretary, Mike Benitez Marina, Santurce, Puerto Rico, after examining a photograph of [], advised he appeared similar to a tall individual who had previously been aboard a vessel anchored at the Marina. She recalled this individual as tall and thin although she did not recall him having a moustache at this time. She advised he lived aboard the Brazilian schooner, "Familia", which she described as a black, single hull, two masted vessel. The "Familia" had come to Puerto Rico from St. Thomas and some time during late summer, 1972, was sailed to Fort Lauderdale and, thereafter, sold. She stated the individual to whom she is referring, who is similar in appearance to a photograph of subject, came back to Benitez' Marina on two occasions after the "Familia" had sailed to Fort Lauderdale. She recalled specifically that on one occasion he came with a blond, hippy-looking type, white male requesting the use of a dinghy. [] recalls this clearly because several cats were secured for this individual from a local animal shelter, but he never returned and [] office was overrun with cats for several weeks.
